[redacted] A/3, 1, 38/13

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Security Research Staff DATE: 2 March 1953

FROM : Chief, Technical Branch

SUBJECT: Piule, etc.

A A 1. Attached is a copy of a memorandum and one of the papers that [redacted] gave me in connection with the transmission of the Piule seeds to [redacted] (who will handle the chemical analysis of the seeds) and the writer had a conference on these matters between 2:00 and 3:00 PM this date.

A A A 2. Everything went off excellently and [redacted] has promised he will begin an immediate analysis of the material. [redacted] will transmit other material in the next few days through the writer to [redacted] when it is prepared.

3. If you do not wish to hold the memorandum in your files, return it to me and I will retain it in the ARTICHOKE files.
